SUMMARY

Python developer with a year of hands-on Django experience building and maintaining backend web applications. Comfortable across the stack — REST API integration, relational database design (MySQL, SQLite), and application testing. BCA final-year student with shipped projects spanning an online examination system, a multiplayer chess platform, and a weather-forecasting site. Looking to keep building production Python in a full-time or internship role.

TECHNICAL SKILLS

Core: Python, Django, MVT architecture, OOP, CRUD

Databases: MySQL, SQLite

Frontend: HTML, CSS

Tools: Git, GitHub, Postman, VS Code, GitHub Copilot

Cloud: AWS (Academy – Cloud Architecting)

Also familiar with: PHP / Laravel, Java, C

EXPERIENCE

Python Developer Intern | Infinotech Labs LLP, Ahmedabad (Jul 2025 – Present)

- Built and maintained backend features for web applications using Python and Django.
- Designed and managed relational database operations across MySQL and SQLite.
- Integrated third-party APIs and implemented REST-based service communication.
- Diagnosed and fixed bugs, optimised existing code, and wrote/ran application tests.
- Worked alongside the development team to ship new features and improve user experience.

PROJECTS

On-Demand Exam System — *Django, SQLite* [GitHub](#)

- Web-based examination platform with user authentication and role-based admin controls.
- Built question-bank management and automated result generation; designed the underlying data models.

Multiplayer Chess Platform — *Django* [GitHub](#)

- Real-time multiplayer chess with player authentication, room creation, and live game-state management.
- Focused on backend logic — server-side move validation and persistence of game state.

Weather Forecasting Website — *Python, REST API, HTML/CSS* [GitHub](#)

- Consumed a live weather API to display temperature, humidity, wind speed, and conditions in real time.
- Built a responsive front end in HTML and CSS.

EDUCATION

Bachelor of Computer Applications (BCA), LJ University, Ahmedabad 2023 – 2026

Higher Secondary (Commerce), Crescent School, Ahmedabad 2022 – 2023

CERTIFICATIONS

- AWS Academy Graduate – Cloud Architecting [Verify](#)
- Python for Everybody — Coursera [Verify](#)
- SQL — Coursera [Verify](#)
- Introduction to HTML5 — Coursera [Verify](#)
- Introduction to Software Engineering — Coursera [Verify](#)

ADDITIONAL

Languages: English, Hindi, Gujarati
