

Module 2: Presentation

1. Cover letter

Dear Hiring Manager,

I am writing to apply for the Python Developer position at your organization. I have completed my Bachelor of Computer Applications (BCA) and have hands-on experience in Python, Django, Django REST Framework, MySQL, REST APIs, and Git.

During my internship as a Python Developer at InfinoTech Labs, I gained practical experience in backend development, database management, API integration, debugging, testing, and application maintenance. I have also developed projects including an Online Examination System, Multiplayer Chess Platform, and Weather Forecasting Website.

I am eager to contribute my technical skills, learn from experienced professionals, and grow as a software developer. I would appreciate the opportunity to discuss my suitability for the position.

Thank you for your time and consideration.

Sincerely,
Shaikh Mohammed Awesh
